

Victor, NY - May 18, 2011

“The Boss” Skip Lehman, President of Mach 2 Management, recently received “The Business Person of The Year Award” from the Victor Local Development Corporation. Lehman received the award at a packed luncheon at Cobblestone Creek Country Club, in Victor, NY earlier this month.

The afternoon featured speakers NY State Senator Michael Nozzolio, as well as other State and local representatives, and Kevin Doran from Rochester’s Fox News served as MC.

Lehman, who headquarters Mach 2 Management in downtown Victor, also resides in town and has been a passionate member of the local community, including being heavily involved in supporting the Victor High School Marching Band. Mach 2 Management employs dozens of people in Victor and around the country, and continues to be a shining star in the economic development of the Victor community.

Ontario County is continuing to grow both in population and economic activity, and Lehman has been one of many who have led this charge.

Mach 2 Management runs its Main Office at 10 E. Main St., atop the beautiful “The Place” building in downtown Victor.
